Subject: Cost Estimate for UPC# 16160

Importance: High

Arlene and Mark,

I have posted the cost estimate form on the Q Drive, ROW, Cost Estimates. If you have any questions, please let me know.

Arlene- Take a look at the comments I have entered so far, and see what you think. I spoke with Jim again, he and I feel that we do not need to use the inflated numbers based on current market conditions since November, 2007. If you want me to add any additional overall comments for the cost estimate, just let me know.

Thanks,

Terri Dimino
